**What Might the Church Look Like?**

### An Experienced Partner

As a global region of PAOC, personnel at RAN Network are uniquely positioned to help you, as a local church, undertake a Church Planting endeavour among a people group somewhere in the world that has yet to hear the sound of the gospel even once.

### Why the UnEngaged?

There are close to 3000 People Groups in the world that are still completely ‘UnEngaged’ with the gospel. In other words...no one knows of anyone working to make disciples among them.

***Your church can change that !***

Like Caleb said to Joshua as Israel entered Canaan...we want to help you say...

*“Give us this mountain”.*

***“...how far would you go...”***

*...to make a disciple?*

***“Nothing can obscure the fact that this could, and should be the final era. No serious believer today dare overlook the fact that God has not asked us to reach every nation, tribe and tongue without intending it to be done. No generation has less excuse than ours if we do not do as He asks.”***
